Mr. Newman, of Duncannon, in his letters regarding seed wheat, seems to overlook the fact that there are three different parties canvassing Perry county, with "Seed Wheat". We presume be only means to endorse one of them, viz: Mr. E. W. Giddings.

A Mr. Light, residing on Kelker street, near Third, fell over dead about 11.30 o'clock yesterday morning, while talking to Mr. Wenrick, his next door neighbor, in the latter's yard, it is presumed from an apoplectic stroke. The Seed Wheat,-We have received a a communication from Mr. Newman, miller, at Duncannon, in which he says he knows Mr. Giddings who has intro-duced the "Early Chilli Wheat" into this county, and that he fully endorses all the statements made by Mr. G. in regard to the quality of the wheat and he guarantees his fairness and honesty in his dealings. He futher says that Mr. Giddings came to this county at his especial request, as he being a miller, was interested in getting the wheat introduced into this vicinity. The, only county into which the genuine Early Chill Wheat is offered he says is Perry. Mr. Giddings also called on us, being introduced by Rev. A. H. Spangler who knows him well. He showed us documents that proved that persons having dealings with Mr. Giddings need have no fears of unfair treatment. Any one else offering either in this or other countles "Early Chill Wheat" he says are frauds, and of course he does not wish to be classed with chaps of that kind .-All persons who signed Mr. Glddings' contracts, signed in a book, one name following another, and received from him a confidential circular signed, E. W. Giddings, sole agent. Those who signed that contract and have that circular will receive the two bushels of wheat, in proper time, and are holden only for half the product, according to agreement, and have no need to fear being "snake bitten."

We have received letters stating that the Early Chill Wheat was introduced into Bedford County in the fall of 1879 and harvested 1880 with entire satisfaction upon the same plan as now offered to farmers here. All who have made contracts with Mr. Giddings can therefore feel perfectly safe, but those who have made contracts with other persons for Chili Wheat, will have to wait and see. Will Mr. J C. Smith now call and explain? there are several parties who would be glad to have him do so.

Last year he found and cut seventeen bee-

A Run Off.-Quite an excitement was

caused in this place at about 9 o'clock on Friday evening by a pair of horses with only a pole attached to them, coming into the square on the run. The horses fell as they turned towards the Perry House, and were then caught by George McKee and Charley Fenstemaker. The team was found to be one of Mr. Cromleigh's from Duncannon, and proved to be in use by several young men accompanied by four ladies from that place. When about a mile from this town the shackle had become uncoupled from one side of the pole, allowing it to drop down, which threw the carriage around and causing the other shackle to break. This left me horses clear of the vehicle, and they started or the run. The persons in the were Miss Lizzie Fritz and Mi Fritz, of Duncannon, and Miss Elli ford and Miss Irens Sayford, of Harris burg, and Mr. Jos. Hawley, Z. White, and A. Rohrbaugh, of Duncannon .-No person was hurt, except the young man named Rohrbaugh, who was driving, and he was pulled out by the lines and cut on the head as he fell in the road.

A Heroic Act .- On Thursday of last week Henry Penny's daughter, Carrie, aged seven years, fell into the sluice at the canal lock at Losh's Run and was rapidly carried out into the main channel. Her brother, John, aged eleven years, was a witness of the peril in which his little sister's life had been so suddenly placed, and with heroic bravery jumped into the sluice-way for the purpose of rescuing her, but down the slippery planks they both were forced and when they struck the turbulent reactionary waters the boy was shot passed his sister, but they in the next second came together again, when the little girl, in the struggles of death in a manner, clutched at her brother. Grabbing him by one of his ears she held firmly on, and he swam to shore, thus rescuing his beloved little sister from a watery grave. - News.

A Horse Thief.-Last Friday night a man who registered his name Joseph Roth had a horse shipped from the rallroad station at this place to Harrisburg stock yards. He had stolen the horse from Benjamin Whitmoyer at Middleburg, Snyder county, and ridden him to this point for shipment on the cars, a distance of 42 miles. Harrisburg policemen received information of the theft, and the thief and his game were not long in the town till they were gathered up by the police and sent back to Middleburg .- Mifflintown Sentinel.

A horse shied at coal oil barrels at the pike just north of town, on Monday afternoon. The animal was so frightened that it backed over a steep embaukment at the side of the road. The carriage to which the beast was hitched was upset, and Mr. Abram Book and his wife, Mrs. Book, were thrown out. The right shoulder bone of Mrs. Book was broken, and Mr. Book was bringing his wife to town, it being her purpose to go to Perry countries. A horse shied at coal oil barrels at the it being her purpose to go to Perry county on a visit to friends. The harness was torn and the carriage was broken.— Mifflin Sentinel.

On Wednesday night of last week a gray horse belonging to Smith C. Kep-ner, of this place, was stolen from a pusture field on his farm adjoining Port Royal. The horse was found running loose the next morning on the ridge road near Sulouff's lime kiln, in Turbett township. Cumberland County .- We copy the following from the Cumberland papers of last week :

On Thursday aftenoon a young daugh-ter of Jacob Stoner, tenant of John Snyder, on the Catheart farm, near New Kingston, was burned in a shocking manner, and died from the effects about two hours after. It appears that she had kindled a fire, and afterwards took the coal oil can and began to pour oil on the fire, when the can exploded, throw-ing the burning oil over her. Her screams soon brought assistance, but too late to be of any avail to her. She lingered for a couple of hours, when death relieved her of suffering. Another death from kindling fire with coal oil. It is soon time that people should learn the disastrous effects from it.

On Saturday evening last, while Mrs. Harry Loy, of Newville, was in the act of blowing out a coal oil lamp, it exploded, scattering oil and glass, in all directions. Fortunately for Mrs. H. the oil did not ignite, as her clothing and face were full of the oil. It also damaged a show case and its contents.
