Killing Stumps.

Mr. Abram Good, of Montgomery's Ferry, says: Last August I was sprouting a fence strip and was badly troubled with some chestnut stumps. The worst among many, I killed as dead as a door nail by boring an inch hole, say five or six inches deep, and filling it with coal oil, and plugging it shut with a cob or pin.

Valuable Hints.

Fish may be scaled much easier by just dipping into boiling water about a minute.

Salt fish are quickest and best freshened by soaking in sour milk.

A tablespoonful of turpentine boiled with your white clothes, will greatly aid in the whitening process.

Kerosene will make your tea-kettle as bright as new. Saturate a woolen rag and rub with it. It will also remove stains from the clean, varnished furniture.

An Alleged Cure for the Small-pox.

A thoroughly qualified medical man a friend of mine, has recently, in the course of his practice, come upon what he believes and uses as a specific remedy for small-pox. He refuses to make it known himself, but permits me to do so. The remedy is bi-tartrate of potash, the common cream of tartar of the drug store; two ounces dissolved in boiling water, with the juice of a lemon and sugar added. Let the patient drink as much as he likes, but not less than a wineglassful every hour. In some of his cases this medicine has exhibited the most wonderful curative effects. It will purge, but as it is perfectly harmless this will not matter, and it does not appear to be the cause of cure, the remedy acting specifically on the virus, the pustules collapsing, leaving no pits, a perfect cure following in a short time.

Some Things for Housewives to Put in Scrapbooks.

A poultice of fresh tea leaves moistened with water will cure a sty on the eye. For ear-ache, dissolve asafoetida in water; warm a few drops and drop in the ear, then cork the ear with wool.

The true physiological way of treating burns and scalds is to at once exclude the air, with cotton batting, flour, scraped potato, or anything that is handiest.

Use fresh water. Water which has stood in an open dish over night should not be used for cooking and drinking, as it will have absorbed many foul gases.

Mix a little carbonate of soda with the water in which flowers are immersed, and it will preserve them for a fortnight. Common saltpetre is also a very good preservative.

Take a new flower pot, wash it clean wrap in a wet cloth and set over butter; it will keep it as hard as if set on ice. Milk, if put into an earthen can, or even a tin one, will keep sweet for a long time, if well wrapped in a wet cloth. Common soda is excellent for scouring tin, as it will not scratch the tin, and will make it look like new. Apply with a piece of moistened newspaper and polish with a dry piece. Wood ashes are a good substitute.

To cure bunions use pulverized saltpetre and sweet oil. Obtain of a druggist five or six cents worth of saltpetre, put it into a bottle with sufficient olive oil to dissolve it, shake it up well, and rub the inflamed joints night and morning, and more frequently if painful.

Flies may be effectually disposed of without the use of poison. Take half a teaspoonful of black pepper in powder, one teaspoonful of cream. Mix them well together, and place them in a room on a plate where flies are troublesome, and they will soon disappear.

Red ants may be banished from a pantry or store-room by strewing the shelves with a small quantity of cloves, either whole or ground. We use the former, as not being so likely to get into food placed upon the shelves. The cloves should be renewed occasionally as after a time, they lose their strength and efficacy.

The following drink for relieving sickness of the stomach is said to be very palatable and agreeable: Beat up one egg very well, say twenty minutes, then add fresh milk one pint, water one pint, sugar to make it palatable; boil, and let it cool; drink when cold. If it becomes curd and whey it is useless.

A Good Foundation.

One of the greatest troubles of our people is weakness of the stomach. As this soon causes indigestion, nervousness and rheumatism, they prevail in every American household. There is positively no need for anybody to suffer from these painful troubles who can buy a 50 ct. bottle of Parker's Ginger Tonic; for this superior medicine always tones up the stomach and nervous system, and keeps the kidneys acting in carrying off the foul matters, thus laying a good foundation for perfect health.

KENDALL'S SPAVIN CURE!

THE MOST SUCCESSFUL REMEDY EVER discovered, as it is certain in its effects and does not blister. Read Test Below.

From Rev. N. P. Granger, Presiding Elder of the St. Albans District, St. Albans, Vt., Jan. 20th, 1880.

DR. J. B. KENDALL & CO., Gents:— In reply to your letter I will say that my experience with Kendall's Spavin Cure has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and cured a horse of lameness caused by Spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ring bone was forming. I procured a bottle of Kendall's Spavin Cure, and with less than a bottle cured him so that he is not lame, neither can the bunch be found.

Respectfully yours, N. GRANGER.

Persistence Will Tell!

Stoughton, Mass., March 16th, 1880. B. J. Kendall & Co., Gents:— In justice to you and myself, I think I ought to let you know that I have removed TWO BONE SPAVINS with Kendall's Spavin Cure, one very large one; don't know how long the Spavin had been there. I have owned the horse eight months. It took me four months to take the large one off, and two months for the small one. I have used 12 bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great.

Respectfully yours, CHAS. E. PARKER.
