

The Bloomfield Times.

HOUSE, FARM AND GARDEN.

Womanly Economy.

There is much talk of the extravagance of a woman, and there is no doubt that when a woman puts her hand to the spending of money she can do it with a perfect looseness.

Learn To Work.

Now, girls, don't allow mother to darn your stockings; attend to this simple duty yourselves. Fine darning is really an accomplishment.

Value of Chocolate.

Who wish to keep the imagination fresh and vigorous, chocolate is the average of all beverages. However deliciously you have lunched, a cup of chocolate immediately afterward will aid digestion three hours after, and be the way for a good dinner.

A practical stock grower advises his brother farmers not to be in a hurry to destroy any animal that may break a leg, for by means of plaster of paris (not sand plaster) and some bagging strips, the limb may be set and supported until the fractured bones unite again.

An exchange tells of a farmer who had an acre of rather poor soil and a furrow he laid corn stalks lengthwise on till the whole was ploughed. The other acre he burnt the same corn stalks and spread the whole field then being ploughed.

ALABAMA, Mich., Feb. 2, 1891. Hop Bitters will bear recommendation. All who use them obtain the highest economy. They credit for making the proprietors claim for them kept them since they were given to the public. They took from the first, and maintain a more called for than all others. So long as they keep their reputation for purity and shall continue to recommend something I have never with any other patent medicine.
