

President Garfield's Will.

WASHINGTON, Sept. 10.—In the early part of August, it is said, the President signed a will which leaves all of his property to his widow. On the same day, finding that he could write so well, he insisted on writing a letter to his mother, which he did. This letter found its way into the newspapers a few days afterward. From the same source it is learned that Gen. Garfield owned real estate amounting to about \$25,000. This estimate includes the house he occupied in this city as a private residence during the last eight years he was in the House of Representatives.

Gen. Garfield had his life insured for \$35,000 in two companies in this city. He took out a policy of \$10,000 in the Equitable Assurance Society soon after his nomination to the presidency. The premium fell due and was paid while he was at Long Branch in June, a few days before he was shot. The society sent its check to its agent in Philadelphia yesterday, with instructions to pay the amount of the policy to Mrs. Garfield at once. In May last Gen. Garfield was insured for \$25,000 in the New York Life Insurance Company. The policy was written out in the White House.

When he entered Williams College in 1834 Gen. Garfield insured his life for \$500 in the Mutual Life Insurance Company of this city. He used this policy as security for a loan of \$500. He repaid the loan after graduation with money earned in teaching school.

Thrilling Scene.

DETROIT, September 27.—The transfer boat of the Canada Southern railroad, carrying the train due here at 1 o'clock this morning, was run with such force against the dock at the island as to cause the forward sleeper to run off the end of the boat and plunge into the water. The forward trucks of a passenger car also went over the end of the boat and the car hung at an angle of forty-five degrees, one end just touching the water. As the boat backed from the slip the sleeper rose and turned over on its side, and the passengers inside, out of the water, tried to break through the windows. Some of those in the passenger car clambered out of the window and fell into the water. The passengers and train men clambered on top of the coach that was floating in the water and broke open the windows and pulled out the dripping occupants. The darkness of the night, the confusion and the fact that nearly all the passengers were strangers to each other make it possible that all were rescued, but it leaves a painful uncertainty as to whether there is not several persons drowned. Six passengers went down with the car but were rescued with the exception of a man named Bloom who occupied section eleven. A careful search of him was made but he had not been found at last accounts.

After vainly spending five hundred dollars for other remedies to relieve my wife, I have no hesitation in declaring, that St. Jacobs Oil will cure Neuralgia, says M. V. B. Herson, Esq., (of Pinkham & Herson), Boston, Mass., an enthusiastic indorser of its merits.—Chambersburg, Pa. Herald.

A Terrific Explosion.

On Saturday last a car load of gunpowder, billed as common blasting powder, reached Council Bluffs, Ia., over the Chicago, Rock Island and Pacific, on its way to Denver, Col. The Union Pacific Company, however, refused to receive the dangerous freight, and the car was returned to the Rock Island yards, where from some cause it exploded with terrific force on Monday evening. The concussion demolished the company's round-house and repair shops, of brick, and freight houses of frame, besides forty or fifty freight cars, and dug a hole in the ground fifteen feet deep and forty-five feet in diameter. Large windows in all parts of the city were shattered to pieces, and others were even broken by concussion in Omaha, on the opposite side of the river, and as far as Mo. Valley Junction, twenty miles north. The loss will foot up several hundred thousand dollars. Richard Van Hanever and his daughter Nellie were seriously injured by the force of the explosion, but as far as known this morning, no fatalities occurred. Several persons, however, are reported missing.

A Girl's Choice.

It was in a drug store of course. An interesting incident occurred in drug stores,—that is nearly all. She was pretty, with blue eyes and golden hair, one of those kind of beauties the poet would have called an "angel," but for the fact that a colony of pimples on her fair frontispiece precluded all thought of a celestial being. Bowing timidly to the handsome clerk, she asked for "Swayne's Ointment for skin diseases," and upon receiving it vanished like the morning dew before the Summer sun.

A Curious Run Off.

A singular railroad accident occurred at Cornwall and Holmesburg on Sunday. An engine standing on the track was struck by an approaching train with such force that the throttle was jarred open. There was no one on board, and the engine darted off with lightning like rapidity. Orders were

telegraphed to Holmesburg to open the switch, but by some means unknown the monster passed safely over and in a few seconds dashed into a freight train, ending its wild career in the destruction of a number of cars along with its own demolition.

Symptoms are moles, itching, worse at night; seems as if pin-worms were crawling about the rectum; the private parts are often affected. An unpleasant, economical and positive cure. Swayne's Ointment is superior to any article in the market. Sold by druggists, or send 50 cts. in 3-ct. Stamp, 3 Boxes, \$1.50. Address, Dr. Swayne & Son, Phila., Pa. September 20, 1881—1y

We hereby call your attention to the claims of The Farmers' and Mechanics' Mutual Fire Insurance Co., of Perry County,

as offering you good and safe insurance at Net Cost.

This Company, organized and chartered in 1872, has issued over 1400 policies, and has now over \$1,900,000 of property insured; has paid losses since its organization to the amount of \$2,762,241; has laid but one assessment, of 1 1/2 mills on the dollar, since its organization, netting the Company the sum of \$1,323,558, which, with the premiums on policies issued, has paid all its current expenses and losses from fire. The rates charged by the Company are but from \$1.50 to \$3.00 per thousand dollars of valuation for five years, and no charges for Survey and Policy, as other Companies make.
