Fires.-On Saturday morning the dwelling of William Sweger, about 2 miles north of Elliottsburg took fire and was entirely destroyed. The furniture was mostly removed. The fire was caused by burning some brush too near the building. No insurance.

On Saturday evening the house of Wellington Sheaffer in Sheaffer's Valley, was also burned with all its contents except a sewing machine. We did not learn how this fire originated.

The Village of Carlisle.-According to the Volunteer, Carlisle is only a village, and Washburn's show is a fraud:

and Washburn's show is a fraud:

"A thing calling itself WASHBURN'S GREAT PAVILION SHOW came to Carlisle last Saturday and set up its tent on the lot adjacent to the fair grounds. Some of our guilible citizens visited it but nearly all of them came away disgusted at the miserable performances they got for their money. These frauds are becoming pretty thick. They travel the country, avoiding the principal towns where good shows go and genertowns where good shows go and generally swoop down on the villages where they reach a class of people that seldom get to shows and these they bleed of loose change that would much better be spent for school-books for the children.'

A Fortunate Accident .- On Sunday evening an accident occurred at the Miller Hotel that might have proved disasterous in results to life and property. Mrs. Zortman was at church at the time and her daughter, Minnie, and another little girl, occupied the private sitting room, on the second floor, Minnie, sitting at a table writing. Hanging on the wall in front of her was a large mirror. Without a moment's warning the glass fell, in its descent striking a lighted coal oil lamp, on the table, and the frame hit Minnie on the head. The children were naturally terribly frightened and screamat the top of their voices. Gentlemen sitting on the front porch heard the noise and the rattling sound produced by the scattered glass, and at once hurried upstairs. In the meantime a lady guest arrived upon the scene and with commendable presence of mind, stooped down and blew out the light, which had been knocked off the table on the floor when the mirror fell. An examination revealed the fact that no one was hurt, that the cause for the accident lay in the mirror cord, which evidently had been eaten by moth until it was no longer capable of supporting the weight which rested upon it .- News.

Gidding's Wheat .- A western Pennsylvania paper says the farmers of Westmoreland county will lose a large amount of money in the aggregate from their dealing with a man named E. W. Giddings. Last year this individual made his appearance, and represented himself as an agent for the State Agricultural Society. He gave every farmer who was willing to take the grain two bushels of wheat which he said was Chili wheat and the farmer signed a contract agreeing to pay him by giving him onehalf the product in the early part of september, 1881. The farmers planted the grain and now find that it is nothing more nor less than old Mediterranean. The time for delivery is at hand and some of the sons of toil are making an effort to resist the collection of the wheat by Giddings. Attorneys have been employed and the case will be fought. If his plans are not thwarted he will take from seven to ten thousand bushels of wheat out of Westmoreland .- Shippens. burg News.

Duncaunon Items.—On Sunday night week a robber or robbers entered the bar-room of Mr. D. I. Rice and took from the money drawer some old silver 25 and 10 cent pieces that Mr. Rice kept as relics, amounting in all to over \$3.00. The thieves also supplied themselves with some of Mr. Rice's best gin. No clue to the robbers has yet been obtained.

On last Saturday morning Mrs. Jos. Pea, a very old lady, residing with her

son-in-law, Mr. John Singleton, of this place, while coming down stairs, tripped and fell to the bottom. She received a bruise on the forehead, cut her right arm and hurt her breast. From last accounts hopes were entertained of her recovery.

Cumberland County .- We copy the following from the Cumberland county papers of last week :

[From the Shippensburg News.]

The only incident which disturbed the pleasure of Tuesday, during the opening of the new railroad, was the premature discharge of the cannon. A fresh charge of powder had been placed in the gun after a discharge, and the gunners, John Gribble and John Clugh, while ramming the load, the powder is supposed to have ignited from a piece of fuse left burning in the gun. The rammer was blown through Gribble's right hand lacerating it and burning it with powder. Clugh was also burned about the face and arm. None of the injuries are considered seri-None of the injuries are considered serious though painful.
