

Dangers from Electricity.

The danger from electric wires is shown by the following incidents. Mr. Brush, the distinguished inventor of one of these brilliant illuminators, was seriously wounded a short time ago, and he probably reckons himself fortunate that he escaped with his life.

Joseph W. Stover, the well-known Boston electrician, was called upon, as an expert, to give his views upon the subject. He did so at length. The substance of his statement was that the large wires used for carrying a current of electricity sufficient for lighting purposes were dangerous to both life and property, unless thoroughly insulated.

A Girl's Choice.

It was in a drug store of course. All interesting incidents occur in drug stores—that is nearly all. She was pretty, with blue eyes and golden hair, one of those kind of beauties the poet would have called an "angel," but for the fact that a colony of pimples on her fair forehead precluded all thought of a celestial being.

A Lively Time.

Chicago, October 2.—Special dispatches from Bloomington, Ill., gives graphic details of the lynching there last night of Charles Pierce the imprisoned horse thief who shot and killed Jailer Franks while the latter was conveying him from one cell to another in the jail.

The latest man who has been made happy through the use of this valuable liniment is Mr. James A. Conlan, Librarian of the Union Catholic Library of this city.

A Singular Case.

Richard Templin, a lad six years old, fell down, head-foremost through the tunnel of the hay mow on his father's farm near Norristown, Pa., on Friday last. He was considerably bruised, for it was a fall of thirty feet, but the strangest part of his injury is that from some derangement of the optic nerves he now sees every object duplicated; in fact has double vision.

Symptoms are moisture, stinging, itching, worse at night; seems as if pin-worms were crawling about the rectum; the private parts are often affected. As a pleasant, economical and positive cure, Swayne's Ointment is superior to any article in the market.

FIRE INSURANCE.

To the Farmers and Mechanics of Perry County

We hereby call your attention to the claims of The Farmers' and Mechanics' Mutual Fire Insurance Co., of Perry County,

as offering you good and safe insurance at Net Cost. This Company, organized and chartered in 1872, has issued over 100 policies, and has now over \$1,900,000 of property insured; has paid losses since its organization to the amount of \$2,762,24; has laid but one assessment, of 1/4 mill on the dollar, since its organization, netting the Company the sum of \$1,253.58, which, with the premiums on policies issued, has paid all its current expenses and losses from fire. The rates charged by the Company are but from \$1.20 to \$3.00 per thousand dollars of valuation for five years, and no charges for Survey and Policy, as other Companies make. We claim that it offers to the Farmers and Mechanics of Perry county advantages over all other Companies for the following among other reasons:

- It is a home Company. It insures only in Perry county. It pays no large salaries to Officers. It pays no dividends to Stockholders. It pays its losses promptly and honorably. It insures at lower rates than any Stock Company can. It insures no borough property, steam establishment or foundry. It makes no assessments unless actually needed to pay losses by fires. Its Officers are your neighbors whom you know, and are chosen by the insured from their own number.

GEORGE HOUBAUGH, President. DIRECTORS: NICHOLAS HENCH, Saville township. J. W. GANTT, Centre township. JACOB DUM, Spring township. RYAN GIBNEY, Carroll township. J. D. COOPER, Tyrone township.

HON. DAVID SHREBLEY, Spring township. Full information sent upon application to W. W. McCLURE, Secretary, Greenpark, Pa. 23-10
