A freight train was wrecked near Cove Forge on Thursday morning. The accident was caused by one train running into the rear of another as it pulled on a siding. The caboose of the train was badly smashed, and the engine that did the damage was considerably damaged.

Cyrus M. Hench, of Milford township, has announced himself as an Independent candidate for the office of Associate Judge, and George S. Conn, of Tuscarora township, as an Independent candidate for Prothonotary in Juniata county.—
They are both democrats.

The new postal law now makes the taking of a newspaper and refusing to pay for it, theft, and any person guilty of such an action is liable to criminal proceedings, the same as if he had stolen goods to the amout of the subscription. A New York paper has already com-menced suit against several subscribers for such an offense.

A postal card receipt is a provoking thing to get when a person files away his receipts. Money sent us on subscrip-tion is credited on the label so that the receipt is before the payer weekly, and if you send us any money for other pay-ment we send a partly printed and partly written receipt so you can file it.-Try it and see.

A horse which a seven-year-old son of D. K. Reeder was riding through Elliotte-burgh, one day last week, was hit with a stone, thrown by a mischievous boy, when the animal made a sudden leap and precipitated the little fellow to the ground, but strange to say, apparently/ without injuring him.

Personal.—Last week Mr. Philip Corn-man, a former resident of Carroll twp., gave us a call. Mr. C. is now living at Decatur, Ill.

Mr. T. P. Orner, the present Stewart of the Poor House, leaves the institution with the regret of everybody interested in it. He goes now because he gets a store stand that perhaps he can't get next spring, and because Mrs. Orner's health is not good. The store Mr. O. has taken is at Mattawana, Mifflin Co.—

We wish him luck in his new venture. Hon. James H. Graham, of Carlisle, was in town last week, visiting his son Jas. H. Graham, Jr., who has lately located in this place. The Judge looks well for a man of his years.

Joseph S. Smith, Esq., of this place, has decided to leave, and will this week move to Milton, Northumberland couny. By this move Perry county will ose a good citizen, by which Milton will

Killed .- A little son of Mr. John Scott, of Marysville, fell from a wood-wagon, him that place on Tuesday last, and was instantly killed by the wheel striking in at the base of the skull breaking his neck. The little fellow had climbed on the wagon to get a ride.

School Reports.-One of the greatest aids to both teacher and scholar is the weekly report of conduct, lessons, attendance, &c., adopted in some schools. If the parents take proper interest in the progress of their children, they too will be greatly pleased with the report and will urge the teachers to adopt it. Some of the school boards have had these reports printed and furnish their teachers

Spring House Robbed .- Some person too lazy to work, too proud to beg, and not afraid to steal, entered the spring house of Mr. John Comp, in Carroll twp., one night last week, and took therefrom about thirty pounds of pork and six pounds of butter. The lock was forced open with a plow wrench .-The thief carried the lock and wrench away also. Mr. C. thinks it very hard to have the lock and wrench taken after making way with all his provisions.

Burglary .- A letter from Mifflin says burglars broke into the store of John S. Graybill some time during Thursday night. Little property was disturbed except the safe, which was blown open, and the valuables taken therefrom. The loss in money is about \$70, but several thousand dollars worth of notes were carried off, most of which were found on the river bank next morning. We are sorry for our friend John, but glad his loss is no worse.

Left his Dog .- On last Monday night Samuel Sheller and family were awakened from their slumbers by an unusual commotion in the poultry yard. Mr. S. proceeded as quickly as possible to the place of disturbance, but was too late to secure anything but the dog, the thief having leaped over the fence before he was able to identify him. He however secured the dog, hoping by that means to find out the thief. But the thief fearing detection returned to rescue his dog, which he did by passing through Dr. Johnston's premises and tearing off some pails of the poultry yard fence .-Hence our chicken thief has again ayerted justice, but nearly lost his dog.-Rec-

A Murderer Arrested .- John Heeter, who so horribly murdered Jacob Swank, at Carrick furnace, near Chambersburg, has been arrested. The Chambersburg Herald speaking of the arrest says : "On Saturday John Heeter of Carrick furnace, was brought into town charged with the murder of Jacob Swank. He was taken before Magistrate Jeffries, who committed him to jail for trial at the next term of court, which opens in December. Heeter was captured at the house of a relative in Fulton county, near Licking creek. After the commission of the deed he followed the mountain down to Cove Gap, where he crossed into Fulton, when he was caught .-Mr. David W. Jones, a Path valley farmer, for whom he had worked followed his trail and succeeded in effecting his

A Double Upset .- Last week Mrs. Gesell, who resides near Fayetteville, with a young son and daughter, was driving along the pike at Caledonia furnace where the horse became rather frisky and the girl pulled one line running the animal upon the bank, upsetting the carriage and throwing the occupants out. Mr. Samuel Etter, of Fayetteville, who was driving close behind, hurried to their assistance but his horse frightened at the overturned buggy and performed the same feat as the first animal had done. Mr. Etter's horse fell with the buggy, and in attempting to get up broke the traces, which was the only damage done by either accident. Mr. E. then assisted Mrs. Gesell to get her horse and buggy right side up with care and the party once more proceeded on their way having only received a few alight brulses. - Franklin Repository.

Gentlemen's Clothes. — The fashlons for this fall are generally characterized by neatness in designs of goods as well as cut of garments.

The coat, however, most generally worn is the S. B. Walking Coat, both skirt and waist being of medium length, and the coat being rather close-fitting all over and buttoning high. If designed for dressy wear, the coat buttons with one button. If for business wear, a four-button coat is generally preferred, with false flaps on the side. For rough and Scotch goods the Sack Coat is in favor, and is cut rather short and snug-fitting.

There is a tendency to cut Vests a little lower than last season, and with collars.

Fancy Vests are again coming into favor in London.

Those who wish to see the finest line of cassimers, overcoatings, &c., ever shown in this county are requested to call at the store of F. Mortimer and look over the assortment there shown, which represents the stock of the leading clothing house in the world. You can there make your selection and have a garment or suit made to order in the best possible manner. All garments are guaranteed as to fit or there is no sale. 43-4t.

To Hang, ... Jonathan Mover, Emanuel Ettinger and Israel Erb, convicted of the murder of John and Gretchen Kintzler in the court of over and terminer for Snyder county, are to be executed at Middleburg on Friday, December 16. The trial of the condemned excited much interest and was reviewed by the supreme court on an appeal by the defendants, but the higher tribunal sustained the rulings of Judge Bucher.

Caught in a Thresher. - On Friday forenoon last, John Bailor helping to thresh at Dickel's farm, near Dellville, was terribly hurt. While attempting to stop the thresher, he grasped the belt which at once wrapped his arm around the pulley breaking the bones in a number of places from the wrist up to the elbow. Some of the pieces pushed out through the flesh, making terrible njuries, besides the broken bones. Dr. Strickler was sent for and adjusted the broken bones and dressed the wounds.

Under a Ton of Rock.-Gable Cutlet, of York Haven, York county, died almost instantly on Monday in a frightful manner. From a gentleman conversant with the facts a Patriot reporter learned that Mr. Cutlet was employed as a laborer at the stone quarries along the line of the Northern Central railread near that place. With other men he was engaged in the afternoon removing the remains of a blast made a short time before. The blast had loosened a large portion of the rock overhead. This fact was unknown to the men, and in taking out the lower stone the upper became free and fell. It weighed about a ton. With much force it struck Mr. Cutlet, knocked him down and then rolled over his body.— He was frightfully crushed and breathed but a few times after his companions had picked him up.—Harrisburg Patriot,

Carlisle, Pa., Oct. 21st, 1881.

Dear Sir:—When looking at the election proclamation as published in the Sentinel here and then looking at the same as it appears in your county papers, I was constrained to ask a question. Why must the tax payers pay for several columns of election proclamation if a half will do? The Sensinel as you see has not more than half a column. Why is it?

Cumberland County .- We copy the following from the Cumberland county papers of last week :

[From the Herald & Mirror] On Friday last Mr. L. C. Faber, whilst engaged in building a new dam for the Mt. Holly Paper Co., met with a serious accident. A derrick is used in bringing the heavy stones from the quarry, near at hand, to the place where the dam is being built. Whilst bringing a very large stone from the quarry, and when near where Mr. F. was at work, one of the guy ropes broke, causing the whole apparatus to tilt over, and in falling one part struck Mr. Faber on the right arm and leg. The injured man was placed in a carriage and conveyed to his home on South street, this borough. A physician was sent for, who, upon his arrival and an examination being made, reported that no bones were broken, but that the injuries were such as would keep the injured man from work for several weeks.

[From the Newville Enterprise.] On last Friday afternoon, D. T. Kroh, who is the teacher in the St. Thomas graded school, threw a stick at a scholar named Tarner. The stick struck the floor glanced upward striking the boy in the eye. From the injury thus sus-tained the lad has lost the use of his eye. This should be a warning to other eye. The

The fire was first seen by Eck Line of Carlisle and Daniel McDivett a cow-buyer who were passing along that way fin hunt of cows. MAGAZINES.

DEMORESTS for November has made its appearance and is a splendid number. One oil chromo that is in it is worth more than the cost of the magazine. Besides this is a steel plate portrait of General Garfield, that is one of the best pictures of him we have seen. Its selection of trading matter is a selection of the second of the selection of the second of the dest pictures of him we have seen. Its selection of reading matter is excellent, and its patterns and receipts are invaluable to the ladies. Published by W. Jennings Demorest, New York, \$300 per year.

Godey's Lady's Book for November opens with a beautiful Steel Plate engraving. "Recall of Life," a richly colored double Fashion Illustration, with numerous engravings of various designs of the Latest Fashions. The Diagram Pattern is a novelty in the fact that it is a Lady's Bodice without shoulder seams. The novelette is a thrilling story of land and sea, by Thomas S. Collier, entitled "Beyond." There are numerous shorter stories by good writers, Aunt Ruth's funny sayings, and indeed the general get-up of the magazine is worthy of all praise. One thing to be said of this old favorite is, that there is never any vulgarity or immorality in its pages, and therefore, it is worthy of a place in any refined home. Any of our readers who do not take the Lady, sook can be supplied, promptly, by leaving their orders at this office. We will furnish our paper and the Lady's Book for the low price of \$2.75 per annum. As the next issue will close the current year, now is a good time to send in your subscription. The publication office is 1006 Chestnut Street, Philadelphia, Pa.

HARPERS' MAGAZINE for November concludes the sixty-third volume, and is a number of rare excellence. The illustrations are fine and numerous, and the selection of stories, accounts of travel, and other chorter articles are such that no person can sit down to read a copy without feeling that Harpens is the leading periodical of the day.

PRITERSON'S MAGAZINE for November pre-sents unusual attractions. It leads off with a preity steel engraving, which is followed by fashion plates which will be of use to the la-dies. In addition to these attractions it gives some charming stories and a selection of other reading matter, which taken altogether enables Peterson's to take high rank as a Ladies Maga-zine. See advertisement for 1881.

LIPPINCOTT'S MAGAZINE for November opens with a finely illustrated paper by Charles Burr Todd, describing "A Walk over Moneauk," and reproducing with pen and pencil the strik-ing features of that wild and ocean-beaten cape, with its wreck-strewn shores, its immense herds of cattle, unique bass-fishing, and deso-late sand-drifts, "A Varied Entertainment," also illustrated, is the title of a humorous sketch depicting some recent frolics of Americau art students in Paris. The eighth chapter of Dr. Oswald's "Zoological Curlositles" is devoted to "Animal Renegades," and is not less entertaining or instructive than those that have preceded it.

Fiction occupies a large portion of this number. The new instalment of Sherwood Bon-

Fiction occupies a large portion of this number. The new instalment of Sherwood Bonner's bright and readable serial, "The Valcours," is of unsual length. "Policy 1396," by Sarah Winter Kellogg, has the Intense interest and realism characteristic of this lady's stories, while "Almost a Catastrophe" is a lively love story of a more ordinary kind. The poetry is by H. H. Boyesen, Charlotte F. Bates and Francis Mace, and the "Gossip" and book notices will repay perusal.

notices will repay perusal.

Ballou's Illustrated Montely Magazine.—The November number of Ballou's Magazine is issued, and has such a table of contents that we do not wonder the publishers are proud of their work, and that the people are eager to read it. The first article is an illustrated account of an American family's tour through Switzerland, in which is woven a thread of romance, love, and adventure, and then follows a Thankegiving story that will meet with approval as it is different from the general run of such tales. The variety is great, and the magazine will satisfy the tastes of all classes of people. Be sure and get a copy if you do not take it.

Published by Thomes & Talbot, 23 Hawley Street, Boston, Mass., at only \$1.50 per annum, postpaid, and for sale at all the news depois in the country at 15 cents a copy.

Speak to your neighbors about it, and get up some clubs this fail. Now is the time to start clubs for the new volume.
