Collegian World Exclusive!! Elvis Presley Spotted in Erie Area

The Collegian has long attempted to quell rumors that Elvis Presley remains alive, but we recently received some astounding proof of this supposition. Collegian Photographer Marybeth Zawistoski recently snapped this photo capturing Elvis while on a hike at Shade's Beach. "I was so shocked," said Zawistoski. "I looked up and not a thousand feet in front of me I saw him. He was just sitting there in the woods eating his lunch."

Reportedly, Elvis appeared to be eating jelly doughnuts and drinking Gatorade. Zawistoski admits Elvis is difficult to pick out in the photo but says, "If you look real closely at the top of the picture, you can see him sitting under a pine tree. He's kind of in the middle-left part of the picture. His white jump suit just caught my eye. He looked older and fatter, but it was definitely Elvis."

Wellness Week Activities

by Cindy Craig
Collegian Staff Writer

Next week will be Wellness Awareness week and Behrend's Health Advisory Board, headed by Patty McMahon, has filled it with events, ranging from workshops by the co-author of Pennsylvania's underage drinking law to an auto demolition.

The third annual Wellness Week will focus on all aspects of wellness. "It's not just all diet and exercise. There are a lot of things going on in our lives that we need to be aware of, so by doing different types of programs

we can raise people's consciousness that there are other things you have to look at -- your attitude, stress level, use of alcohol . . .," said McMahon.

Ron Hansis, coach of the Erie Panthers, and the Behrend Pep Band will open the ceremonies at noon on Monday. A strength training and power lifting demonstration will be given by the Behrend Barbell Club at 4 that afternoon in Reed 117.

A mock trial, entitled "Guilty as Charged? - Driving Under the Influence" will be held in the first floor of the Winter Garden at 7:30 Monday night. The trial

will be acted out by Charles Smith, District Justice; Assistant District attorney John Trucilla; student Steve Stegman; Police and Safety Manager Randy Hoffman, and Todd Allen, Police and Safety officer.

The Life Star Helicopter will be on campus from 11 am to 1 pm Tuesday.

The Health and Wellness Fair will run from 10 am to 4 pm. The fair, which will be held in the Reed Building, will feature between 25 and 30 exhibits including free glaucoma screening from the Erie Center for the Blind, free hearing tests, displays

from the American Heart Association, the American Lung Association, and Hamot, St. Vincent, and Millcreek Community hospitals.

A polygraph demonstration will be given Tuesday by polygraph expert Trooper William Miles of the Pennsylvania State Police. Miles will present his demonstration and lecture, entitled "Polygraph Testing, the Legal Issues," at 7 pm in Reed 116.

Students and faculty will have the opportunity to release their
