

# STUDENT GOVERNMENT ELECTIONS

## SGA Presidential candidates

**Ted Hacker**  
Major: Management  
Sixth semester standing

I am a sixth semester junior here at Penn State - Behrend. I have been involved with SGA for the past year as president of Commuter Council. In this position I must give a weekly report to the Student Government Association and act as a voting member of the Senate. I have also been appointed to the Budget Committee which reviews the budgets of student organizations and then allocates money to them.

I feel my current position has given me the experience I would need to effectively lead the SGA. As president of Commuter Council I must prepare and run meetings, help my committee chairpersons organize and run meetings and act as a liaison between the council and SGA. I have also taken the initiative in learning some of the responsibilities of the office by attending a Commonwealth Campus Student Government meeting with our current SGA president Stan Washington.

If I am elected to the presidency, I would like to see the Student Government Association image on campus improved. I believe this can be accomplished with an active Student Senate and through different student services that SGA provides. One such service is the student directories. I feel that these directories can be improved upon and am currently working towards this.

I am confident that my experience and abilities qualify me for this position.

**Tony DeMarco**  
Major: Political Science  
Sixth semester standing

If I am elected, I would bring much experience and notoriety to the office. My experience includes: president of Kappa Delta Rho, ROTC Cadet Officer, SGA Resident Senator (including Appellate Board and Orientation Committee) and numerous other positions.

My goals for this office are many but simple. I would like to motivate SGA (no bogus constitutions), make SGA effective in order that students will want to bring their problems to their student government, make diversity work for everyone, make Penn State - Behrend a place to finish your education and correct problems such as housing, parking and many others on and off campus.

**Bob Richards**  
Major: Business economics  
Sixth semester standing

In my three years here at Behrend, I've seen this campus grow and it's students become more aware of the importance of our experience here. As SGA President I would be available to listen to all concerns and complaints about our campus. I will attempt to find possible problems before they arise and respect the opinions of all students.

I am a founding father of the Sigma Tau Gamma chapter at Behrend and served as Vice President last year. Presently I am head of Judicial Board. I know that I am well qualified and prepared to take on the office of SGA President.

## SGA V-P candidates

**Phillip Bosche**  
Major: EET/MET  
Fourth semester standing

As vice-president, I feel I can continue the services that SGA has brought to this campus. My position as Resident Senator and president of Behrend's chapter of Alpha Phi Omega have provided me with valuable leadership experience as well as a good working relationship with student leaders and the administration.

Presidential candidates running unopposed

**Vincent Pedraza**  
Major: Management  
Fourth semester standing

**Vanessa Mangual**  
Major: Liberal Arts  
Second semester standing

## SOC Pres. candidates

**David Mahoney**  
Major: MIS  
Fourth semester standing

I have been on Student Senate for three semesters, the first as a commuter senator, now as SOC president. I am very familiar with all aspects of running Student Government.

My goals for SOC during 1990-1991 include cutting down the amount of red tape there currently is in Student Government and improving the relations between the different clubs at Behrend.

**Verna L. Johnson**  
Major: Business  
Second semester standing

My goal as President of the Student Organization Council is to help redefine the purpose of the council in the eyes of the students. I would like the SOC to become a campus-wide organization whose purpose will be for the students, by the students and of the students. I have come to realize, through petitioning, that most of the campus population is ignorant as to what the SOC is and does. To

# VOTE

change this I will have publicized meeting times, posted minutes of the meetings, and this will help promote public awareness of the function and purpose of the SOC. If elected, I will stand by my goals and hopefully the SOC will become a true organization of students.

Elections will be held today and tomorrow from 9 am to 4 pm in the Reed Building near the student mailboxes on the first floor. Don't forget to vote for commuter or resident senators also.

SPC

**Christopher J. Hilden**  
Major: Mathematics  
Fourth semester standing

**Ed. note:** Student candidates without pictures did not show up for a scheduled photo session earlier this week. Students running for positions without opposition did submit a paragraph about themselves which were not run due to spacial limitations. All other submitted paragraphs were printed.
