The Local 81 of the carpenter's union has been picketing at Behrend's main entrance since Monday morning of this week.

The carpenters are picketing because the contractor that has been hired to renovate Erie Hall is not in signed agreement with the union.

They plan to picket for the rest of the week and possibly longer according to Dave Bertges, member of the Local 81.

"The main objective is to get the union men on the job," said Bertges.

"Two times before we have been picketed by the same union," said Jack Burke, senior associate dean.

One time was during the construction of the bookstore when another union had the job. The other time was when the apartments were being built Burke explained.

The university hires the lowest bidding construction company which, in turn, hires the subcontractors. The carpenters are subcontractors and therefore are not hired directly by the university Burke said.

Goals for next year include getting new senators oriented and tackling the parking issue. "I don't know all the details, but there's talk of a petition this semester. If the parking issue isn't resolved now, I'm sure it'll come up first thing next year. Many people think \$8 a month, or \$72 dollars a year, is a little too much."

Vincent Pedraza defeated Phillip Bosche in the SGA vice-presidential elections by 32 votes. Pedraza said the new administration wants to see what needs to be done. "We'll listen to what people have to say and what they want, then talk it over and get a plan together."

Another contested race was Student Organization Council. Incumbent David Mahoney defeated Verna Johnson by a 27-vote margin. Mahoney said he was glad the races were close.

In uncontested races, Christopher Hilden gathered 401 votes to win the Student Programming Council seat.

"We're looking forward to keeping the same quality SPC's had in the past." Hilden said. Gary Junker and Joelle Monoski were elected to SPC vice-presidential seats.
