

# Chemical dependency group comes to campus

## Ask Louanne

by Dr. Louanne Barton  
Personnal Couselor

Dear Readers,

I'd like to print an article given to me by a student who wishes to remain anonymous.

Dear Louanne,

If you have a problem just saying no to drugs or alcohol, you're not alone. At some point many of us have crossed the line between social usage and addiction. And as you may already know, to just say no to drugs or alcohol is as effective as just saying no to diarrhea.

If you think you have a problem with drugs or alcohol, chances are you may. Come meet with some fellow Behrend students, and listen as we share our experience, strength, and hope, and decide for yourself.

If you are just sick and tired of being sick and tired, this support group may be for you.

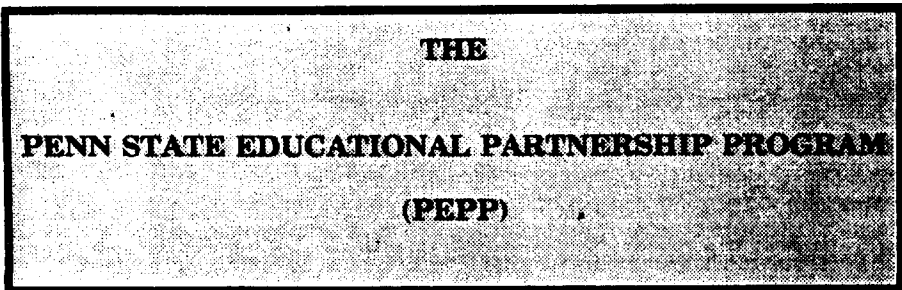

If you are currently, or have been, a member of other support groups such as A.A., N.A., S.A., or C.A., we need your support and fellowship.

If you are wondering when I am ever going to finish this article and just tell you how to meet with us, you are in luck.

Wednesdays  
4:00 p.m. to 5:00 p.m.  
Erie Hall - Ground Floor Classroom

I'm really excited we're finally going to have our own group on campus for those struggling with chemical dependency. The group has met twice already and has an enthusiastic core group so I am told. If you would like to know more or would like to talk directly to a group member let me know. Your anonymity will be protected.
