This past weekend, the Behrend baseball team dropped two games at the Edinboro Fall Baseball Classic.

Some of Behrend's recent land acquisitions will help to expand the athletic capabilities of the campus.

New varsity sports fields will be installed on a c-shaped piece of land located to the north, west and south of Kanty Village. Although plans are just beginning and an architect must be appointed to look at the available acreage and topographical issues, Athletic Director Herb Lauffer gave some of the preliminary plans.

"It's important to Behrend's growth that the students are aware of the plans and support them," said Lauffer.

The land will contain one baseball field, at least two softball fields and a few soccer fields as well.

Lauffer also stated that the new fields will provide two things for the Behrend community.

"They will give athletes a higher quality of playing

surface," he said, "and they will also provide us with

opportunities we currently don't have."

Those opportunities include hosting play-off competition,

sponsoring tournaments and providing activities and games for youths.

When asked if the distance of the fields from campus would be a problem, Lauffer replied, "Initially it will be a problem, but when you stop to think about the future growth of the college, the distance isn't really that far and the students will be able to adjust."

Lauffer also pointed out that Allegheny college has a similar situation. Their varsity athletic fields are 2-3 miles from the campus and it's worked well for them.

While the varsity fields will most likely be developed first, the intramural fields along the Mack Estate will closely follow.

However, as the varsity fields are completed, the present fields will be maintained and used only for intramural and physical education sports.

And now for the national news...

Instead of gambling, Pete Rose is making his money elsewhere...signing autographs. Rose charges \$17 for an autograph if it's on a flat surface, \$ 22 if it's on a baseball, and \$ 50 if it's on a baseball bat or jersey. Don't think of Pete Rose as being greedy though, he limits himself to 1,000 signatures per three hour sit, or roughly one every 10 seconds. What a guy.

John Smiley, pitcher for the Pittsburgh Pirates, picked up his 18th victory last Saturday. If he follows Doug Drabek's 22-6 1990 season with 20 victories, the Pirates will have back-to-back 20 victory seasons for the first time since Rip Sewell in 1943 - 44.

Former Texas A & M football coach, Jackie Sherrill, has emerged from the controversy to coach the Mississippi State Bulldogs. Sherrill was run out of Texas A & M for rules infractions.

Now there's another tragic side effect of cocaine. It's called unemployment. Last year alone, America's

businesses lost more than \$60 billion to drugs. So this year, most of the Fortune 500 will be administering drug tests. Fail-

ing the test means you won't be considered for employment. And that's a little dose of reality.
