

Behrend hoops holds open house

by Paul Benim
The Collegian

The Penn State - Behrend men's and women's basketball programs will be holding an Open House on November 14 at 7:00 p.m. in Erie Hall.

The event is open to all members of the Behrend faculty, staff and their families, the entire student body, and to the local community. The purpose of the event is to allow everyone to get acquainted with the two basketball squads.

"We see the event as an opportunity to involve the faculty, college, and local communities in our programs," said men's assistant coach Terry Thompson.

The evening will start with team introductions and then be followed by a demonstration of practice drills.

The program will then lead into a men's team slam-dunk competition and three-point contest against the women. The men's team will also hold a team scrimmage.

Winter sports schedule
