Student Government Association Elections

As you've never seen them before!!

It's your government, why don't you do something for it?

You can now... Student Government is here to serve the student body and we need you to help. After all, if we do not have the support and active involvement of the students then how can we operate effectively? We have many new ideas and concerns that we need to address within the near future, and we need people that can help us any way they can, as best as they can.

Top 10 SGA Goals

- 1. 24-hour study area
- 2. Student of the Month
- 3. Sponsor Homecoming
- 4. Improve club network
- 5. Increase University funding
- 6. Involve more students
- 7. Lengthen library hours
- 8. Improve our own publicity
- 9. Save the yearbook
- 10. Smoking lounge

Contrary to popular belief, you do not have to be a Political Science major to reap the rewards that SGA offers. In fact, just about any full-time student is eligible for a senate seat. We also have openings for the President and Vice President of SGA, as well as several council president seats.

But SGA does not want "any full-time student". We are looking for somebody who can dedicate time to our meetings, committees, and activities. In return, elected officers are able to expand their horizons and gain vital group relationship, communication and organizational skills (hint: employers look for these, plus it looks great on your resume'!).

We the SGA are hosting an orientation for anyone interested in holding an office for the 1992-93 school year. We will distribute crucial campaign information as well as answer all the questions you can ask.
