

SGA Elections '92

SGA Presidential/Vice-presidential Candidates

Gregory Farrell/Joseph Mycka

Vice-presidential candidate/Presidential candidate

SGA's biggest fault stems from a poor and ineffective attitude which prevents SGA from reaching its full potential. Therefore, our concerns are relevant to the daily operation of SGA as well as its effectiveness and accessibility to the student body.

SGA has no shortage of ideas and goals. In fact, during our years of experience, we have seen SGA sacrifice plans and waste time due to petty infighting and inactive "leadership".

We would much rather lead with cooperation and interest while tackling the problems facing Behrend's students. See our political agendas in most lobbies or call us for more information.

Jacob Sherosky/John Mack

Vice-presidential candidate/Presidential candidate

We have already put forward our agenda all over campus. We believe that these positions (S.G.A.) are for the promotion of programs to benefit the student's life here at Behrend. If elected, we pledge to support any cause which will benefit the students as long as students support us in our attempt to effect these changes. Alone we will not accomplish much. Together we can do anything. Take the first step in improving student life at Behrend, vote for John Mack and Jake Sherosky. Thank you.

SPC Presidential Candidates

Chris Hilden

I have served on SPC for 4 years and have held several officer positions including president. I see a need for more programs that represent different student tastes and culture. More creative and original programming should be implemented. SPC needs more members contributing to campus programming. Each student's input is valuable.

Mark Johnson

As the president of SPC, I have worked to provide the entertainment that Behrend students want. I have been able to improve the films and offer special events as Jello Wrestling. By reelecting me you will get a president with the determination to make Behrend a better place to be.

SOC Presidential Candidates

James D. Ruhlman

I want to promote inter-organizational communication to facilitate interaction and the exchange of ideas between clubs about what has and has not worked in the past so that organizational events are more efficient and better received. Also, I want to make the budget request packets available much earlier.

Randy Schmoyer

Who is the best candidate for SOC president? When considering this question, one should look at a candidates qualifications. I have been a member of the Delta Chi Fraternity since the spring of 1990. While being a member, I have held various positions of leadership and responsibility within the fraternity.
