

Behrend Changes Seen In Residence Life

Speaks

by April M. Bogdanski
The Collegian

The beginning of every new year results in changes in the Office of Student Affairs and this year there has been no exception.

P.J. Brown and Lily Wiley, two members of last year's residence life staff, did not return to their positions at Behrend this year.

Brown moved to Ithica, New York, in search of another position.

Wiley is now attending University Park in pursuit of her master's degree in public administration.

Ken Miller, former Coordinator of Campus Residential Life, assumed Brown's vacated position as

Associate Dean of Student Affairs.

Two new staff members were hired to replace the vacated positions.

Chris Rizzo is now the Residence Life Coordinator supervising the apartments and suites.

He had previously held a two-year position at Clinch Valley College, a branch of the University of Virginia, as the coordinator of Greek and residence life.

Rizzo received his Bachelor's degree in political science at Thiel College and his Master's degree in art and personnel at Slippery Rock University.

"I'm very happy in the Erie area," said Rizzo when asked if he liked being in Erie.

"I've been familiar with it (the Erie area) ever since I attended under-graduate school at Thiel College."

Rizzo has been working with students since he was a student at Thiel.

Rizzo said, "I feel that there are many leaders here (at Behrend), and this is a credit to the students themselves and to Behrend."

Rizzo's future plans are to work with the Faculty Staff Research Guide and oversee several publications.

Jackie Wade assumed the position of Residence Life Coordinator, based in Perry Hall.

Wade worked at St. Mary-in-the-Woods College before coming to Behrend. There she

was a member of the residence life staff as well as an admissions counselor.

Wade has a unique hobby of putting together jigsaw puzzles of tigers.

When asked, she said she is "single and loving every minute of it!"

Wade plans to focus on interactive programs and is strong on promoting student participation.

expenditures of all the units of the University and utilizes total operating status of available services.

"These cuts would change the very nature of this place," said Burke.

Behrend also operates on a budget that is less than the tuition collected from students.

"We do not have the flexibility to increase or reduce the budget," said Reber. "That's why the cuts are so difficult for us."

"I feel that are very important aspects of the students (getting the cuts)," said Reber. "The students and faculty face this together."

"I thought there was a wonderful turnout," said Burke commenting on last Friday's meeting. "I was especially impressed with how the students conducted themselves and the feeling they displayed for the (Behrend) University."
