

Fast Forward

Cont. from page 16

"Rick and I came to Behrend last year because we had heard from some people that they have a good (soccer) program here," he said.

Rusty has a lot more experience on the field than just high school and college.

He has been playing soccer since he was five years old on various club teams.

From age 12 to 15 he played on Penns Forest, a summer league team in the Pittsburgh area.

They traveled to many tournaments in other states, and played teams from New York and even Canada. "It was a great experience for me, and taught me a lot," he said.

The biggest strength of the

team this year is defense. "Our defense is the cornerstone of the team this season. It keeps us in every game and the offense tries to build from it," Rusty said.

Off the field, Rusty is an active member of the Delta Chi Fraternity, and is an avid follower of the Pittsburgh Pirates and Penguins.

He is also thinking about

trying out for the baseball team here at Behrend in the spring.

Rusty is planning on completing his education and soccer career at Behrend.

Even though this season is almost over, he is already looking forward to next year. "I hope to keep contributing to the offense and supporting the defense," he said.

Picture the Seven Dwarfs without a forest.
