history and women's studies at the Brooklyn College of City University of New York, who will speak March 17 on Responsibility of Nazism. Dr. Judith Sugar, speaking April 15 on memory and aging, is a research associate at UCLA's Borun Center for Gerontological Research. Last is Dr. Paul Lauter, a professor of literature at Trinity College, who will speak on Multiculturalism and the Canonical Tradition, on April 21.

"We wanted to reflect many of the different disciplines within the Division of Humanities and Social Sciences," said Salper of the Speaker Series.

Collegian News Just The Facts

At A Glance.

Pocket Computer: Microsoft, Inc., has announced its vision of a pocket-sized device which could eliminate the need for keys, charge cards, and identification. It could also replace the need for cash and passports, and it would even have its own system to tell the user where he is and how to get where he wants to go.

Bad Meat: Agriculture secretary pledges that the government will soon develop a rapid test for bacteria after a child recently died and hundreds got sick eating bad burgers.

Environment: Granting states greater roles in environmental policymaking and a review of Superfund program are among EPA chief Carol Browner's goals.

Prehistorical Pal: Barney, the beloved PBS mega-star and dinosaur, will become a talking doll. Available this summer, it will cost about \$35 and say nice things when you squeeze him. A line of Barney products is expected to generate \$100 million for toymaker Hasbro.

South Africa: President F.W. de Klerk says the government is on the right course to end the dominant white rule.

Middle East: Palestinians in southern Lebanon are caught in a power struggle between Hamas group and the PLO.

Gays in Military: Senate Republicans back off from talk of attaching a law banning gays in the military to the family leave bill, which could be voted on today.

Leader Wanted: IBM is looking for a "visionary" to replace CEO John Akers; Richard Teerlink, Harley Davidson's CEO, is one Big Blue watcher's pick.

Little Joe: Moderate caffeine intake during pregnancy is considered safe for baby, says a new study.

Body Talk: Sometimes the Clinton's hold hands, sometimes they don't, a generational thing, say experts.
