

COM
MUTER
COUNCIL
PRESIDENT

SPC
PRESIDENT

As Commuter President, I will relate the views of the commuter students living off campus to the administration, the faculty and SGA regarding the commuters' welfare; sponsor service and social activities oriented toward the welfare and interests of the commuter student; and to help resolve commuter problems and complaints.

Ray A. Graham, Jr.
Commuter Council President

Being Secretary, I feel that I have the ambition and experience necessary to take SPC where it needs to go. If organizations would plan their major events well in advance through us, they could use Bruno's space and prevent much overlapping of events and bring more success to these events.

Christine M. Bukowski
Student Programming Council President
