

Becoming a Commuter Senator would be a great privilege to me. I want to be there for the commuters, to help them with any problems they might have concerning anything at Behrend. I want people to see me and be satisfied with what I am doing as a student leader. I, if elected, plan to do the best job that I possibly can in aiding the students who commute to school. I am presently a freshman senator of SGA. My job is to look out for the interests and opinions of the freshman class. I am very willing to help out the school and my fellow students by representing their views and helping them in anyway that I possibly can.

April Bogdanski
Commuter Senator

I am a fourth semester sophomore majoring in accounting. I am running for SGA because I want to become more active on campus. As a senator, my goals would be to always address the needs and concerns of the commuters. Also, I would always vote in their best interest.

I am running for Commuter Senator. I am a fourth semester sophomore, majoring in health policy and administration. I am currently a member of the Alpha Sigma Tau sorority. My main goal is to get the commuters more involved and more informed of the activities that go on on campus.

Amy Redmond
Commuter Senator

Just because you don't live here on campus doesn't mean you can't become involved or that your voice is not heard. Commuters represent two-thirds of the students here at Behrend, yet there are more residents than commuters involved in clubs and organizations. As a SGA senator, my goal is to increase commuter involvement in student activities, and to insure commuter concerns and questions are recognized.

Alicia Hartman
Commuter Senator
