Baseball/soccer coach, Dennis Grace, has left Behrend under pressure by the administration for his lack of production. He wasn't off his feet for long as he landed overseas at Hiroshima State University where he will coach both soccer and baseball.

HSU athletic director, Herbi Aukey Lauffru said, "It good pleasure having Grace son as new coach. Me vision good tings flom 'im."

Grace commented on the move by saying, "I'm going to miss Behrend, but maybe these guys can teach me something."

Lauffru said, "He looks like that

guy on *Magnum PI*. That will help us draw crowds."

Grace's contract is for ten years at 1000 yen a year. "That's a lot of sake," said a happy Grace.
