Student migration prominent

**Behrend
students come
and go**

by Rob Meffert
Collegian Staff

With summer just around the corner, one of the last things you want to think about is the upcoming fall semester. Like many students, you may be wondering how you will get to class, how you will get to work, and how you will get to the gym.

win (wn), to gain a victory; be victorious; triumph; succeed: Smiles are easy to come by when you win, as the Lady Lions have. They swept a doubleheader at Geneva College last Thursday. They won 19-2 and 6-2. Since then they've pulled out the brooms and swept doubleheaders against Notre Dame of Ohio and Washington and Jefferson College.

Football '93

Seating policy regarding students has changed

University Relations
Press Release

New procedures for student seating in Beaver Stadium will help ensure the availability of seating and the proper safety measures for home football games starting fall 1993.

During the Miami football game in October 1992,

emergency personnel were unable to respond quickly to people who suffered minor injuries related to an incident where a smoke grenade was ignited in the student section.

An investigation by a student

and administrative committee found that there were several potential causes for the blocked seats and aisles. First, the student seating area is unassigned "festival" seating. Second, a number of recent alumni routinely migrate from the reserved seating area to the student section in order to sit with their friends. Third, not enough ushers were available to keep the aisles and ramps clear.

After several meetings, the committee made the following recommendations: devise a system that would provide day-of-game reserved seating in the student section; increase the number of ushers in the student section and prevent migration from other areas of the stadium to the student section.

The new process of day-of-game reserved seating provides individual students and groups the

opportunity to sit with friends on the day of the game and change that location for each of the home games. Several steps are required for the procedure.

First, the University will mail student season coupon applications. If you are a returning full-time, transfer, or a readmitted student for the fall semester 1993 at Behrend, you

**Reserved seat tickets
will be mailed to the
designated
individual for
distribution**

will be mailed a student coupon application to your permanent home address no later than May 26. If you do not have an application by June 1, contact the Athletic Ticket Office at (814) 863-1000.

You should respond to the application immediately, as season coupons will sell out early based on the history of this sale.

Second, applications are processed on a first-come first-served basis. If all season coupons are allocated when your application reaches the Ticket Office, your check will be returned.

Third, you will receive a color-coded coupon for each home game based on your semester standing; you may redeem the coupon for a reserved seat ticket prior to the day of the game using the procedures listed below.

Two weeks prior to the game, if you have a group of 20 or more fellow students who want to be seated together, you may
