"How do you expect us to handle a relationship if we can't even handle chopsticks?"

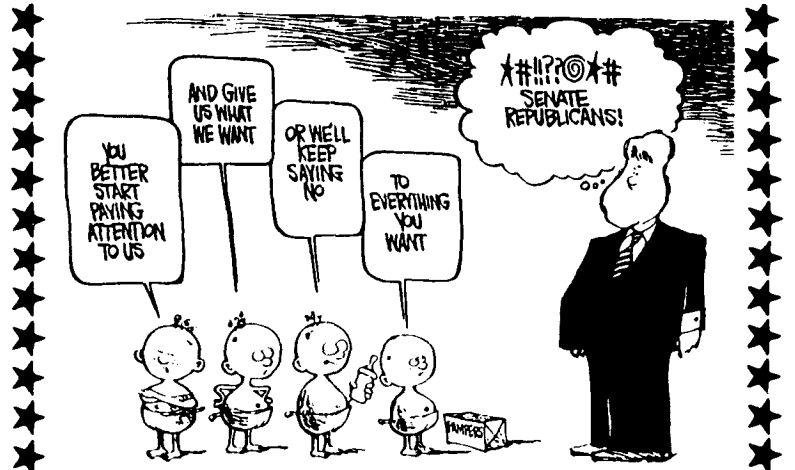

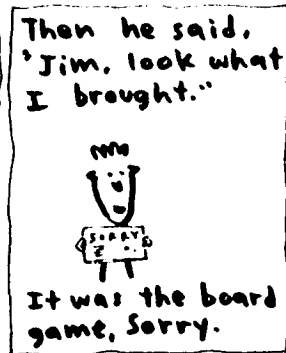

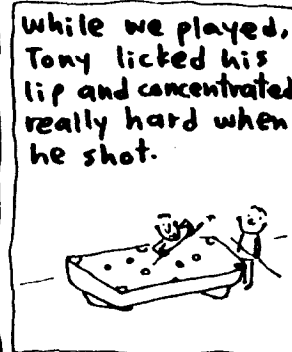

"We were having a contest to see who could lean out the window the farthest and Hendricks won!"

Exactly 17 years ago this week, Ruby Wyner-Io started her Real Horoscopes column. To celebrate that glorious day, we proudly rerun her horoscopes from that week in 1976.

Aries: (Mar. 21-Apr. 19) Boogie all night at the local discotheque and you may meet another Aries. Right on!

Taurus: (Apr. 20-May 20) With the Bicentennial fast approaching, you'd better hurry up and purchase those red, white, and blue bell bottoms. Dyn-o-mite!

Gemini: (May 21-June 21) If someone gives you bad vibes, just say, "Sit On It!"

Cancer: (June 22-July 22) You're correct in assuming that the Bay City Rollers will be the next Beatles.

Leo: (July 23-Aug. 22) Though you may be striking out at the local singles bar, your mood ring says you are hot, hot, hot!

Virgo: (Aug. 23-Sept. 22) You're a turn-on in your tight jeans and feathered hair, but, man, those elevator shoes are the foxiest.

Libra: (Sept. 23-Oct. 23) If you and your lover are feeling down, sing The Captain and Tenille's "Love Will Keep Us Together."

Scorpio: (Oct. 24-Nov. 21) Don't be blue, Starsky—you'll find your Hutch.

Sagittarius: (Nov. 22-Dec. 21) Your Pacer will break down this week, but look on the bright side—now you can roller boogie to work.

Capricorn: (Dec. 22-Jan. 19) A good buddy on the CB says, "10-4. Keep on Truckin'."

Aquarius: (Jan. 20-Feb. 18) Stay in good health. Get your swine flu shot today.

Pisces: (Feb. 19-Mar. 20) The killer bees are coming, so don't go streaking this week.

PLEBES
