

Taylor, ran around end for twenty yards. Several short gains for ten yards were then made. Taylor, by a long run around right end brought the ball down to Lafayette's five yard line. It was then carried by Brown through the center within two yards of the goal. Haley made a touchdown and Atherton kicked a goal. Lafayette put ball in play with the Harvard V and for about ten minutes the ball was played in the center of the field. Then it was worked into Lafayette's territory where it remained for the rest of the half. Time called with ball in Lafayette's hands.

In the second half State made ten yards on V then lost the ball on a fumble but regained in the same manner on the next rush. Lafayette got the ball on four downs and Rocknell punted forty yards, the gain being held but not long. The ball was started down the field on short rushes, ten yards gained. Taylor ran around end for twenty yards then Fay in two runs made five yards. Two short rushes followed and Fay made twenty-five yards. Taylor scored a touch down and a goal kicked by Atherton. The touchdown was made by advancing the ball from our forty yard line without losing it. Lafayette started again with the Harvard V but it proved a failure because the man with the ball was tackled so hard that he lost it. Fay picked it up, ran half the length of the field followed by the whole State team, and made a touchdown. Atherton kicked a goal. Ball put in play by old style V and Lafayette gained five yards. Wilson gained five yards. Capperton went through right tackle for five yards. This was the only time during the game that Lafayette advanced the ball. Thirty yards were made by rushing the turtle back several times but the ball was lost on four downs. Fay made a run of twenty-five yards through the tackle. Brown punted on the third down. The ball returned to the centre of the field where it remained until the close of the game. Final score 18 to 0 in Penna. State's favor.

Lafayette stubbornly bucked the centre during most of of the game while Penna. State used a vari-

ety of tactics. In respect to brilliant playing this game resembled the Bucknell—P. S. C. game;—all played equally well and every man on the team deserves the greatest credit for his work. The teams lined up as follows:
