

A Hard Practice Game.

As Westminster had canceled, arrangements were made with the Jersey Shore team to play here last Saturday. They came highly elated over their previous showing against the College team and determined to win from the Varsity in any manner.

A large crowd of students assembled to witness the contest. The teams lined up with Jersey Shore defending the south goal and Moscrip kicked off. The ball went across the goal line after a Jersey Shore man had touched it and State claimed a touch back. This was disputed and the ball was finally given to Jersey Shore on the 25-yard line. They failed to gain and kicked to Yeckley on the 55-yard line. From here State carried the ball down the field for a touchdown at the hands of Smith, and Moscrip easily kicked the goal.

Kelley got the next kick-off and brought it back 15 yards. Again they could not gain and punted. A series of plays netting 3 to 5 yards at a clip finally placed the ball where Yeckley could easily score the second touchdown. The goal was easily kicked.

State again kicked off—this time to Corson, who returned the ball 15 yards. On the next play Barr threw the runner for a five yard loss and Jersey Shore kicked. Partridge, Yeckley and Moscrip each made first downs and McGee was sent through the line for 15 yards, ten of which he made alone with three men hanging to him. Partridge took the ball over and with Moscrip's goal the score stood 18-0. This ended the scoring in the first half. Yeckley was injured and Fawkes replaced him. The half closed with the ball in State's possession on their opponents 30-yard line.

In the second half Jersey Shore kicked off to Moscrip who ran back 20 yards before being downed.

State gained consistently. Gotwals who had replaced Smith was quite efficient. In a short time Fawkes was shoved over for a count. Jersey Shore fumbled the kick-off and their man was downed on the 10 yard line. They gained some, making one first down, but were soon forced to kick. McGee ran the ball back 20 yards. Despite some very dirty play at this time by Jersey Shore a few plays sufficed to put McGee behind the line. Shortly after the next kick-off McIlveen replaced Fawkes and played a fierce game. The ball now went from one half-back to the other until it was on the five yard line. Here it was lost on an unfortunate fumble and Jersey Shore kicked to the center of the field. Time was called at this juncture with the score: State 30 Jersey Shore, 0.

McAvoy's hurdling was a feature of the game. He did some very daring work and gained repeatedly. Jersey Shore's line although 20 pounds heavier per man than State's was very weak and long gains were made regularly through it. McGee and Wray filled their positions very creditably and Moscrip's kicking was marked especially in the ease and accuracy with which he kicked the whole five goals. That same helping spirit and good team work that characterized all the games of the year was better if anything than ever. Honhart ran the team very well in the absence of Saunders and handled the ball smoothly. The line up:

Electricals 5—Civils 0.

The Sophomore Electrical—Civil game played here last Saturday afternoon was more interesting and better played than the usual inter-section games. The Electricals had the advantage throughout the game and won by straight football. In the first half they received the kick-off on their five yard line and carried the ball by steady gains to within six yards of their goal. Here when a touchdown seemed certain, time was called.

In the second half the Civils had a chance at aggressive work and made good gains, Laird making a thirty yard run. The Electricals, however, got the ball in midfield on a blocked kick and carried it down the field for the only touch-down of the game. The line-up:
