

State Collegian.

Vol. 1, No. 17.

STATE COLLEGE, PA., FEB. 9, 1905.

Price Five Cents.

Lincoln Day.

The order of exercises on Monday, Feb. 13th, is here printed. A special train will leave Bellefonte for the College at 8.30 in the morning, arriving in time for the exercises in the Auditorium. Returning the train will leave at 12 m. so as to connect with mid-day trains east and west from Bellefonte.

The exercises in the Auditorium will commence promptly at 10 o'clock and will proceed in the following order:—

1. Invocation, By The Rev. Dr. Gill.
The Lord's Prayer—Chant.
2. Anthem—By the College Glee Club.
"To Thee, Oh Country, great and free."
3. Oration—Abraham Lincoln,
By the Hon. L. A. Watres of Scranton, Pa.
4. College Glee Club,
"Home that I love."
5. (a) "Lincoln the Student," By Wm. B. Hoke.
(b) Lincoln the Politician, By Calvin H. Waller.
6. America—"My Country, 'tis of Thee."

Question Submitted.

The following question has been submitted by State to Franklin and Marshall for the debate here at State College on April 7th:—

Resolved: that the plan recommended by Commissioner Garfield for the Federal control and supervision of corporations engaged in interstate commerce, should be enacted by Congress.

As soon as F. & M. makes the choice of sides, trials will be held. The time before the debate takes place is very short and the team chosen will have to get to work very quickly.

Roland Diller '00 Dead.

The following was taken from the *New Holland Clarion* of Feb. 4.

Roland Diller, son of Mr. and Mrs. E. C. Diller, of this borough, died at the home of his parents on Thursday afternoon at 4 o'clock, after an illness of about three weeks. Death resulted from typhoid fever. Deceased came home from Philadelphia a little more than three weeks ago, being compelled to give up his work, owing to ill health. At first it was thought his illness was not serious, but later, other symptoms developed, which brought on typhoid fever. He was twenty-five years of age last October.

Roland Diller was born in this borough and after finishing his course in the public schools here, he entered Franklin & Marshall Academy, at Lancaster, where he further pursued his studies for several terms, after which he entered State College, where he took a thorough course in mining engineering, graduating with honors in the class of 1900. After graduating, he held the position of chemist for the Lackawanna Iron & Steel Company, at Lebanon, for one year. From there, he went to the United States Mint, in Philadelphia, where he had a position of great responsibility in the assaying department, which he filled in the most satisfactory manner until sickness prevented him from further continuing his work. He was a promising young man of exemplary habits and had a large circle of friends wherever he went. He was a consistent member of Trinity Lutheran church. Besides a large host of friends, he leaves his parents and the following brothers and sisters to mourn his early demise: Charles M., Amos, and Alta M., all of this borough, and Emma, wife of Charles D. Meredith, of Chester. The family have the sympathy of the entire community in this their sad hour of bereavement. The funeral will be held on Tuesday afternoon at 1 o'clock from the home of his par-

ents. Services at the house and interment in Trinity Lutheran cemetery.

Sophs. Return to History.

The strike of the Sophomores against the instructors of the Department of History and their methods of teaching has been adjusted satisfactorily and the class together with others taking the subject have returned to duty. To show that there is no hard feeling, Mr. Ray, the instructor, will hold a "quiz" the latter part of this week to enable the class to make up the work they have missed.

The class held a meeting on Monday evening in Room 20 Engineering Building and Dr. Atherton took this opportunity to explain matters so that an amicable adjustment of the trouble could be made. The class finally voted to return to the History class on the assurance of Dr. Atherton that the following conditions would be carried out:—

1. No cuts or excesses are to result from the absences incurred from History classes last week.
2. Arrangements made for tutoring and re-examinations are to proceed as if nothing out of the ordinary course of affairs had occurred.
3. The method of teaching the subject is to be so altered as to give more general satisfaction.
4. The History examination papers are to be re-graded on the assumption that the examination was too long.

Alumni Notes.

Geo. R. Wieland '93, has recently been granted by the Carnegie Institution of Washington, D. C., the sum of \$2300 for the purpose of continuing researches on living and fossil cycads in South Dakota and Wyoming.
